"The Art of Simplicity: Discovering Italian Cuisine and Culture"

SIEF - Scuola Enrico Fermi, in collaboration with the Italian Consulate in Chicago, Education Office, will celebrate the 10th Week of Italian Cuisine in the World 2025, on Thursday, December 4th.

The event will focus on health and culture, honoring Italian culinary traditions and values of simplicity, sustainability, and gratitude toward nature, inspired by Saint Francis of Assisi's Canticle of the Creatures.

Students will take part in a hands-on cultural experience, preparing traditional dishes like panzanella, practicing their Italian language skills and celebrating Italian heritage.
